The James Bay Market Society (JBMS) is comprised of residents of James Bay and Greater Victoria who support the principles expressed in the Society's constitution. The Society was founded to:

- Encourage awareness of and appreciation for the production of local food and arts
- Encourage education about the environment, healthy living and healthy food production
- Provide a direct sales outlet for locally produced hand crafted items, art, produce, farm products and prepared foods
- Provide a community forum where local residents can come together to interact and participate

Membership in the James Bay Market Society is \$10.00. **Membership is required to be a vendor at the market** and includes Society voting privileges. Only paid members in good standing will be allowed voting privileges at the AGM. Membership lasts for one year and expires on March 31st of the following year. All members and supporters are encouraged to actively participate in the operation of the James Bay Community Market, the Dickens Fair and Seedy Saturday (Spring Garden Show/Seed Exchange).

RETURNING VENDOR

Returning Vendors refers only to those who vended at the market in the last season of the market. **Any vendors from previous years must apply as new vendors.** If you were juried and vended last year as a substitute vendor please note that you are not guaranteed a permanent space this year. Regular vendors are (as per our policy manual) subject to table availability and diversity of products.

Returning vendors must fill out an application form, pay for their \$10 membership by **the end of March**. Late applications will be subject to space availability as are new vendors.

Returning Vendors do not need to submit creative process description, unless they have significantly changed or added products. The annual completion of the Application form ensures that we have current information and liability coverage.

Those accepted must pay the \$10 membership fee.

CRAFT POLICY (In case of a discrepancy between this document and the Policy Manual, the Policy Manual will prevail.)

1. All items must be handmade, homemade, or homegrown.
2. All items must be of original, unique work or design.
3. The handcrafted component must dominate the commercial component. The commercial components must be transformed in a way that makes the work unique (minimum 75%).
4. The starting material must be significantly altered and enhanced by the artisan (minimum 75%).
5. The product must meet basic requirements of product life, function and safety.
6. All crafts must be juried before being displayed for sale, to ensure compliance with Society guidelines.
 - A. Vendors who have been juried and accepted at the Market last season are not required to present their products for jurying.
 - B. The exception to this policy is the sale of new products the vendor intends to sell at the Market which are different from any item or category of item the vendor sold previously. There is no fee for jurying these products.
7. When the suitability of a product is in question the consensual decision of not less than three directors will be considered binding.
8. The Board of Directors reserves the right to limit identical or very similar products.
9. The market will not accept vendors who operate their own retail operation.
10. Preference will be given to vendors who attend on a regular basis and contribute to the Market in a positive manner.

Vendors are given spots at the market pending availability and uniqueness of products. If your work is acceptable to the market but there are others selling similar products, you will not be given a permanent space, but will be placed in rotation for spaces that are available on a weekly basis. You will be contacted by the Wednesday prior if there is a spot. Please note that if the market is full and you are on the waitlist those who sell items not currently represented at the market will be called first.

NEW VENDOR CREATIVE PROCESS DESCRIPTION

Please bring your process description to your jury session. Mount three clear photos of your product on one 8 1/2 x 11 piece of paper with the process description on the other side of the paper. Both items should be in a clear sleeve. This information will be kept on file by the market co-ordinator and will be used to ensure that a variety of products is presented at the market.

When writing about your own process, detail the starting material you use, how you alter it, using what types of materials and how much time is involved. For example:

"I make canvas floor cloths of my own design. I start with bleached cotton canvas, which I pre-wash and cut myself. I then use a stencil of my own design, and apply commercial fabric paint. I use two coats, letting the paint dry between coats. I then heat set the paint and finish the floor cloths by stitching mitered corner hems on my sewing machine."

If you are submitting products for consideration in more than one category, please provide a creative process description for each product. Example: jewellery and sewing. You don't need to provide a description of how you make the different pieces of jewellery, but you would need to provide a description of your creative process for your jewellery and for your sewing.

NEW VENDOR CHECKLIST – WHAT TO BRING TO THE JURY
